PROFESSIONAL EXPERIENCE

JUNIOR ENGINER, KIA MOTORS INDIA   February 2020 – 2021
                                                   Ananthapur, India

My work at Kia motors is to assemble the different types of car parts
and also worked at quality checkpoints to make sure no defects
pass outside the plant.

PROJECTS

Unsplash, Clone project 🔗
On this project total of 5 people worked as a team and did this website
in 4 days. We used HTML CSS and javascript and JSON for the backend to complete this project
we used API to fetch the data into the pages. **source_code** 🔗

Myntra, Clone project 🔗
On this project, 6 people worked as a team, the technologies that we used are HTML, CSS, and JS, and
we took the help of local storage to store the data in the backend. **Source_code** 🔗
